GHFC appears on Fox News Channel Thursday

Monday, July 14, 2008

The "green machines" project going on inside our gyms has made national news. Reporter [Orlando Salinas](#)' is reporting for the cable news channel.

Monday, Salinas and crew were in the Main Center shooting video for their story.

If you haven't heard, there are 15 elliptical machines upstairs in the Main Center that create electricity when used - the higher the resistance, the higher the electric output.

Here's the [Gainesville Sun's](#) story on the gym's electricity-generating ellipticals.
